TECHNICAL SKILLS

Programming Languages: JavaScript, Kotlin, PHP, SQL

Frameworks/Technologies: React, Express.js, Node.js, Laravel

Tools: Git, AWS, Postman, Visual Studio Code

EXPERIENCE

Full Stack Developer Intern

Information Technology Development Center | September 2024 – December 2024

- Designed and developed a student portal and admin dashboard to streamline course enrollment and student record management.
- Built RESTful APIs with robust validation, enhancing data integrity and security compliance.
- Collaborated with a cross-functional team to enhance the portal's UI/UX, improving usability and accessibility.
- Engineered secure authentication, role-based access control, and encryption to protect student data.

PROJECTS

Daily Peso | React.TS, Firebase, shadcn

- Developed a responsive expense tracker app for mobile and web platforms using React with TypeScript.
- Utilized Firebase Firestore for real-time data storage, user-specific transaction tracking, and budget monitoring.
- Implemented authentication and secure data access with Firebase Auth, ensuring user data protection.

Ulam Generator | Next.js API Route, Firebase, shadcn, Vercel

- Built a dynamic web app that suggests random Filipino dishes, complete with ingredients and recipe steps for indecisive users.
- Integrated Firebase Firestore for real-time data storage and retrieval of dish information.
- Used Next.js API routes for seamless serverless backend functionality.

E-commerce System with Inventory Management | React, Express.js, Node.js, MySQL, JWT, MaterialUI, Vercel, Heroku

- Built a **full-stack e-commerce platform** with **real-time inventory tracking** and **JWT-based authentication** for secure user access.
- Developed an **intuitive admin panel** using **React and Axios** to manage orders, stock levels, and product listings.

Personal Portfolio | React, MaterialUI

- Designed and developed a **fully responsive personal portfolio** to showcase **skills, projects, and experience**.
- Implemented **interactive UI animations** using **Framer Motion** for an engaging user experience

EDUCATION

Trinity University of Asia | 2021 – 2025

Bachelor of Science in Information Technology (Specialization in Mobile, Web, & Software Development)
